Update Delete

Enabled:

Name:

Type:

Log Level: Info Status Error

Data Timeout:
Specifying a Data Timeout will restart the hardware device if no data is received for the specified time.
Do not enable this option for devices that do not receive data!

ICMP Pinger Plugin.

Specify comma delimited addresses (IP or DNS names) of devices that are to be pinged.
When remote devices are found a matching Domoticz device is created in the Devices tab.

Address(es) comma separated:

Ping Frequency:

Time Out Lost Devices:

Debug:
